GRANT WRITING TIPS: TOP TEN LIST

1. **Know your audience** – Make sure your project’s goals match the goals of the grant you are applying for.

2. **Follow the guidelines listed** – Read and reread the guidelines provided, and follow them to the letter.

3. **Proof your application** – Have someone who is not involved in your project review your proposal to make sure that it makes sense and answers the questions appropriately.

4. **Honor deadlines** – Try to get your proposal completed and turned in ahead of the deadline to avoid any last minute complications.

5. **Keep it clear and concise** – Only answer the questions asked, and do not include any additional information or attachments if the grant application does not request it.

6. **Submit your reports** – Be sure to follow the guidelines and submit any and all follow-up reports on time.

7. **Passion must be evident** – If possible, be sure to convey how important your project is to your students, the school, and the community as a whole.

8. **Do not use a shotgun approach** – Stay focused and do not include any other projects in your proposal. Also, be sure to demonstrate how your specific project meets their grant program’s goals.

9. **It all starts with a good idea** – Before applying for grants, put your thoughts and ideas on paper using the Alabama Outdoor Classroom Program’s Master Plan worksheet and Individual Project Plan worksheets.

10. **Be correct** – Do the necessary research before filling out any grant applications to ensure that you have a true picture of the scope and details of your project.
