

# GRANT OPPORTUNITIES FOR ALABAMA OUTDOOR CLASSROOM SCHOOLS

For more details including specific deadlines, visit the websites listed below along with the Alabama Wildlife Federation's website at [www.alabamawildlife.org](http://www.alabamawildlife.org).

## North American Association for Environmental Education & EE Linked

The members of EE Linked & the NAAEE post a variety of environmental education grants that are available each year.

<https://eelinked.naaee.net/n/eelinked/topics/Grants>

## School Grants

Search for grants in your region of the US...

<http://www.k12grants.org/Grants/south.htm>

## Cyber Sierra's Conservation Grants Center

This website has a list of grants for environmental education grants.

<http://www.conservationgrants.com/education.htm>

## National Gardening Association Themed Grants\*

**(Deadlines for each Grant Opportunity Vary)**

The National Gardening Association (NGA) works with sponsoring companies and organizations to provide in-kind grants to projects that actively engage kids in the garden and improve the quality of life for their communities. Each grant consists of a wide assortment of quality tools, seeds, garden products, and educational materials. There are MANY different grant opportunities available thru NGA!

<http://grants.kidsgardening.org/>

## National Weather Association Grants

**(Applications accepted from January thru May)**

The National Weather Association's Sol Hirsch Education Fund Grants provide grants up to \$750 for teachers in grades K-12 to improve the education of their students in meteorology. The teachers selected will be able to use the funds to purchase scientific materials and equipment for the classroom/school, begin a new school and/or community science outreach and education program, enhance or expand an existing meteorology/science education program, or to attend courses, workshops or conferences related to meteorology that will significantly enhance their teaching activities.

## Alabama Ag in the Classroom\*

**(Deadlines in January and October)**

The Alabama Agriculture in the Classroom Foundation makes grants available for projects that integrate agriculture into curriculum areas during the school year. Alabama public or private schools as well as ACES Agents or Alabama Soil & Water District Coordinators may apply for grants from \$25 to \$500.

<http://www.alabamaitc.org/mini-grants/>

## NSTA Shell Science Lab Challenge

**(Deadline in January)**

The Shell Science Lab Challenge gives teachers an opportunity to share your exemplary approach for a chance to win a school science lab makeover support package valued at \$20,000! Over \$93,000 in lab makeover prizes were awarded to 18 schools in 2012-13!

### **Bonnie Plants Announces 3rd Grade Cabbage Program\***

**(Deadline in February)**

The 3rd Grade Cabbage Program is FREE to all 3rd graders. In spring, students will receive plants that produce "oversized" cabbages — they can reach more than forty pounds and bigger! Teachers choose a class winner and submit a nomination form to Bonnie Plant Farm. One lucky third grader in each state will win a \$1000 scholarship. Once you enroll the class in the program, Bonnie Plant Farm will contact you and deliver the number of plants you request.

<http://bonniecabbageprogram.com/>

### **Lowe's Toolbox for Education\***

**(Deadlines in February and October)**

Lowe's Toolbox for Education grant program provides funding for projects that have a permanent impact such as facility enhancement (both indoor and outdoor) as well as landscaping/clean up type projects. Lowe's will donate \$5 million to public schools and public school parent teacher groups - at more than 1,000 different public schools per school year. Projects that encourage parent and community involvement will be favored. Grants up to \$5,000 will be awarded.

<http://www.toolboxforeducation.com/>

### **Alabama Power Foundation Grant Program**

**(Deadlines in February, May, August, and November)**

The Alabama Power Foundation considers requests up to \$50,000 that most closely match its overall mission: to improve the quality of life of Alabamians and to strengthen the communities in which they live. The Foundation grant applications must meet several guidelines including projects that address education, civic and community life, arts and culture, environment, and health services.

<http://alpowercharitablegiving.org/index.php/foundation/grants>

### **American Honda Foundation Grants**

**(Deadlines in February, May, August, and November)**

The American Honda Foundation makes grants available for projects that reflect the basic tenets, beliefs and philosophies of Honda companies, including imaginative, creative, youthful, forward-thinking, scientific, humanistic and innovative. We support youth education with a specific focus on the STEM (science, technology, engineering and mathematics) subjects in addition to the environment. The average grant range is \$20,000 to \$75,000.

<http://corporate.honda.com/america/philanthropy.aspx?id=ahf>

### **Captain Planet Foundation**

**(Deadlines in February and September)**

The mission of the Captain Planet Foundation is to fund and support hands-on environmental projects for children and youths. Through environmental education, we believe that children can achieve a better understanding and appreciation for the world in which they live. Grants available for environmental education range between \$500 - \$2,500.

<http://captainplanetfoundation.org/>

### **Toshiba America Foundation Grants**

**(6-12 grade schools: Deadline for grants over \$5,000 in February & August)**

**(6-12 grade schools: Deadline for grants under \$5,000 each month)**

**(K-5 grade schools: Deadline in October)**

The Toshiba America Foundation encourages teacher-led, K-12 classroom-based programs, projects, and activities that have the potential to improve classroom experiences in science, mathematics, and technology. Two grant categories: up to \$5,000 and over \$5,000.

<http://www.toshiba.com/taf/>

### **Alabama Wildlife Federation Outdoor Classroom Grant Program\***

**(Deadline in March)**

The purpose of the Alabama Wildlife Federation's (AWF) Outdoor Classroom (OC) Grant Program is to provide financial assistance and faculty support to schools who wish to create sustainable wildlife habitats and effective outdoor classroom sites on their school grounds for hands-on learning opportunities. The AWF OC Grants are only available for schools enrolled in the Alabama Outdoor Classroom Program. Grant amounts vary up to \$500.

<http://www.alabamawildlife.org/pages/?pageID=32>

*\*Note: Grant Programs with an asterisk beside their name means that one or more of our Alabama Outdoor Classroom Schools have received this grant in the past.*

## **HATS STEDTRAIN Science & Technology Seed Grants\***

**(Deadline in April)**

STEDTRAIN is a Committee of the Huntsville Association of Technical Societies (HATS) that administers a Science, Technology, Engineering, and Mathematics (STEM) Seed Grant program that provides funding up to \$1,000 to an educator for innovative hands-on classroom projects that will stimulate children's interest in science and technology. Grants are available for K-12 Alabama schools in **Jackson, Madison, Marshall, Morgan, and Limestone Counties**.  
<http://www.stedtrain.org/>

## **Legacy's Mini-Grants & Competitive Grants\***

**(Deadline in April)**

Legacy provides grants annually to assist with helping to create environmentally responsible citizens through education. Any Alabama organization (including schools) planning a community based environmental program is encouraged to apply. Mini-grants are available up to \$2,500 and Competitive grants are available up to \$10,000.

[http://www.legacyenvd.org/index.php?option=com\\_content&view=article&id=4&Itemid=56](http://www.legacyenvd.org/index.php?option=com_content&view=article&id=4&Itemid=56)

## **Alabama RC&D Council Grants\***

**(Deadlines vary beginning in August/September of each year)**

"RC&D" is short for Resource Conservation and Development, a unique process that helps people protect and develop their economic, natural, and social resources in ways that improve their area's economy, environment, and quality of life. There are 9 RC&D Councils across Alabama, and many provide funding for conservation education projects such as Outdoor Classroom development at area schools. The grant amounts vary widely from \$250 to \$2,500 or more. Contact your local RC&D Council to see if they are currently accepting grant requests.  
[http://www.alabamawildlife.org/uploadedFiles/RC&D Council Areas - Grants\(1\).pdf](http://www.alabamawildlife.org/uploadedFiles/RC&D_Council_Areas_-_Grants(1).pdf)

## **GREENWORKS! Grants\***

**(Deadline in September)**

Grant opportunity from GreenWorks! for Project Learning Tree (PLT) trained educators to implement community action and service-learning projects from \$1,000 to \$3,000. GreenWorks! projects should address an environmental issue and involve students from pre-school to high school in hands-on community action.  
<http://www.plt.org/apply-for-greenworks-environmental-education-grant>

## **Birmingham Audubon Society's Mini-Grants\***

**(Deadline in September)**

The Birmingham Audubon Society (BAS) offers mini-grants up to \$500 to support conservation education in the Birmingham area (**Jefferson, Shelby, Bibb, Blount, Chilton, St. Clair, and Walker counties**). Funds may be used to cover expenses for field trips, student transportation, classroom speakers, and projects such as school wildlife and butterfly gardens, bird feeding stations, and outdoor classrooms.  
<http://www.birminghamaudubon.org/education/forteachers/minigrantsprog>

## **Wild Ones: Seeds for Education, Grants for School Gardens and Community Nature Areas**

**(Deadline in October)**

The Lorrie Otto Seeds for Education Grant Program gives small monetary grants for the purchase of native plants and seeds to establish outdoor learning centers. The grant recipients are those which most successfully reflect the Wild Ones mission to educate and share information about the benefits of using native plants in our landscape and to promote biodiversity and environmentally sound environmentally sound practices.  
<http://www.for-wild.org/seedmony.html>

## **Youth Garden Grants\***

**(Deadline in November/December)**

The National Gardening Association (NGA) and The Home Depot provide Youth Garden Grants for schools, youth groups, and community centers throughout the US. In evaluating grant applications, priority will be given to programs that emphasize integration of content standards, nutrition connections, environmental awareness, entrepreneurship, and/or social aspects of gardening such as leadership development, team building, community support, or service-learning. Grantees will receive \$500-1,000 gift cards to The Home Depot and educational materials from NGA.

*\*Note: Grant Programs with an asterisk beside their name means that one or more of our Alabama Outdoor Classroom Schools have received this grant in the past.*

## The Dekko Foundation\*

### **(Contact Dekko for Grant Deadlines)**

The Dekko Foundation will consider grant proposals from public and private schools from **Limestone County** in **Alabama**. The Foundation focuses its grants on programs that prepare students for life and work; create an awareness of a child's natural curiosity; and utilize curriculum that is cooperative, interdisciplinary, and integrated with technology.

**Send email to:** [dekko@dekkofoundation.org](mailto:dekko@dekkofoundation.org)

## Alabama Urban Forestry Association “Re-Leaf” Program\*

(Deadlines vary for different cities and counties)

The Alabama Urban Forestry Association often partners with local businesses to provide free tree seedlings to plant around Jefferson County and the surrounding area. For more information for this year's program, visit their website.

<http://www.aufa.com>

## America in Bloom's Grant Resources

America in Bloom promotes nationwide beautification through education and community involvement by encouraging the use of flowers, plants, trees, and other environmental and lifestyle enhancements.

<http://www.americainbloom.org/resources/Grant-Opportunities.aspx>

## Do Something STUDENT Grants

### **(Grants awarded weekly)**

“Do Something” youth grants are available for students in the U.S. who have a great idea for a community action project. Grants of \$500 are given out weekly.

<http://www.dosomething.org/grants/seed-grants>

## Siemens Foundation's “We Can Change the World Challenge”

The *Siemens We Can Change the World Challenge* is the premier national environmental sustainability competition for grades K-12 students. Through project-based learning, students learn about science and conservation while creating solutions that impact their planet. Beginning in **September through March**, teams from across the country will be challenged to create sustainable, reproducible environmental improvements in their local communities. Prizes include prize packages and cash prizes up to \$5,000, and are available for K-5, 6-8 and 9-12 grade classes.

<http://www.wecanchange.com/>

## Local Fundraising Opportunities & Support

- School System “Partners-in-Education” Businesses
- Local County Commissioners
- Local Garden Centers
- Plant Rescue Groups
- Local Soil & Water Conservation Offices
- Parent-Teacher Associations or Organizations
- Student-Lead Fundraiser
- Local Churches
- County Alabama Cooperative Extension System Agents
- Master Gardeners

## **GRANT WRITING TIPS: TOP TEN LIST**

1. **Know your audience** – Make sure your project's goals match the goals of the grant you are applying for.
2. **Follow the guidelines listed** – Read and reread the guidelines provided, and follow them to the letter.
3. **Proof your application** – Have someone who is not involved in your project review your proposal to make sure that it makes sense and answers the questions appropriately.
4. **Honor deadlines** – Try to get your proposal completed and turned in ahead of the deadline to avoid any last minute complications.
5. **Keep it clear and concise** – Only answer the questions asked, and do not include any additional information or attachments if the grant application does not request it.
6. **Submit your reports** – Be sure to follow the guidelines and submit any and all follow-up reports on time.
7. **Passion must be evident** – If possible, be sure to convey how important your project is to your students, the school, and the community as a whole.
8. **Do not use a shotgun approach** – Stay focused and do not include any other projects in your proposal. Also, be sure to demonstrate how your specific project meets their grant program's goals.
9. **It all starts with a good idea** – Before applying for grants, put your thoughts and ideas on paper using the Alabama Outdoor Classroom Program's Master Plan worksheet and Individual Project Plan worksheets.
10. **Be correct** – Do the necessary research before filling out any grant applications to ensure that you have a true picture of the scope and details of your project.
